

EDEN is a riverside homestay on a two-acre+ plot alongside the river Relli - a kilometre away from Relli Bazar and a 30-minute-drive from Kalimpong town. The idea behind it was to create a comfortable getaway with plentiful open space, clean air and isolation. It is literally in the middle of nowhere but with very easy connectivity and access to all the essentials.

At EDEN, we believe in 'less is more' and staying true to it, we have started with a single family suite that can accommodate four adults. If at all necessary, we can give you a twin-bedded room in our own living space. In the days to come, we plan on adding a room or two but peace and tranquillity will always win over numbers.

While not promising too much, we can safely say, the four elements - land, water, air and fire, come together at EDEN.

EDEN

INAUGURAL TARIFF

For infants and children below 5, board will not be charged. Food will be charged as per our infant menu.

For children between 5 and 10 - Rs. 500/night

For 10-years-and-over - Rs. 1,000/night

Our tariff includes dinner and breakfast, except where mentioned. Lunch, if required, can be ordered and will be charged extra.

CAUTION

EDEN is a working farm, a work-in-progress and constantly evolving. The effort has been to keep it as natural as possible, so there are trees, shrubs, bamboo clumps, bird, farm animals and insects around along with planting terraces, crags, drains, steps and small water bodies. The river is also accessible from the property, and is a walk down from the living space.

We suggest our boarders to use their common sense, lookout for their own safety and supervise their children to avoid unwarranted injuries and other surprises.

Based on the time of the year, there may be seasonal fruits, vegetables and saplings growing at EDEN. We are open to sharing our produce, but you do need to ask.
